

Tasmanian Museum and Art Gallery LOAN RESOURCE

Please turn over
for information
about
the iRemember:
In the shed
memory case.

The iRemember *In the kitchen* case is a free loan resource developed in partnership between TMAG and the Wicking Dementia Research and Education Centre.

The 16 kitchen-related objects within the case aim to assist people living with dementia and their friends, families, partners and carers to communicate more easily and enjoyably with each other. It's about encouraging the telling of stories and the sharing of memories, using real objects to stimulate conversation and remembering.

The objects have been carefully selected and can be handled. There are cards relating to each object with additional information and discussion points which may assist and encourage users to develop conversations and share experiences.

**There is
a fee for
freighting if
required.**

iRemember *In the kitchen* Memory Case

**A free loan resource from
the Tasmanian Museum
