

The **Friends of the Tasmanian Museum & Art Gallery** invite you to experience this Ten Days on the Island installation:

Volcano Lover

6pm Thursday 17 March 2011

Tasmanian Museum & Art Gallery

Main entrance Macquarie Street

Local artist Lucy Bleach has created this fascinating installation in four parts, drawing together recordings of Vanuatu's Volcanic Mount Yasur, projections, artefacts from children's volcano-making workshops, traditional museum cabinets and boudoir furnishings.

Lucy will introduce us to this explosion of colour, light and sound in this sensorially rich exploration of the drama of volcanoes.

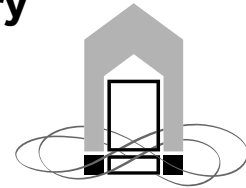

Here is one special opportunity to participate in this year's marvellous Ten Days on the Island program.

Members \$20 Non members \$25 including refreshments

Please complete and return the enclosed Reply Form not later than Friday 11 March.
