## THE LOST VOICES OF OLD HOBART TOWN

The Story Island Project presents this FREE one-day writing workshop for young people (aged 13-18).

Exploring our maritime history of shipwrecks, spectres and sailors, and using resources from the Tasmanian Museum and Art Gallery's Tempest exhibition, this workshop will inspire young writers to give voice to stories long submerged.

A selection of stories created in these workshops will be performed at a Festival of Voices event featuring local personalities.
